MAMMOTH ARENA PLANNED FOR HEAVYWEIGHT BATTLE

Open Air Pavilion Planned for Big Contest Between Jeffries and Johnson.

CAPABLE OF SEATING 50,000

San Francisco, Feb. 28.—A great fight pavilion capable of holding 50,000 people, located at Twelfth and Market streets, will stage the Jeffries-Johnson fight next July if plans of the promoters and of Supervisor Herget are carried out.

Herget, who used to be known as "Young Mitchell" and who was champion lightweight here for several years, is the leading spirit in the board of supervisors and it is mainly due to his influence that "Tex" Rickard and Jack Gleason have been able to secure the Broadway Club's permit for July and hold the fight in this city.

Herget has been actively canvassing for an arena suitable to hold the great crowd that will wish to see this fight, and he is confident he has stimulated several capitalists to a point of engaging in building a pavilion which could also be used for conventions.

Despite the fact that the police commissioner and Jack Gleason have gone ahead to plan for the fight, "Tex" Rickard has not yet been convinced and he still talks of inspecting other sites. The Nevada promoter has let it be known that Gleason, Berger and himself will inspect a site at Santa Cruz this week. The place is located twenty miles from here, but is reasonably accessible at that.

That there is method in Rickard's reasoning and his continued holding off in naming the place for the big fight is taken to mean that he is going to carry out the bluff as much as he can in order not to be bound up by any promises to local politicians who usually make a little spending money whenever a fight permit is issued. There has already been some talk of hold-ups, and Rickard has privately stated that before he will stand for a "touch" he will take the fight outside of the city limits where "protection" is less expensive.

Followers of the sport, however, are positively certain that the fight will come off inside the limits, and the arena proposed will probably be a reality. Whether or not it will be permanent is another question. The city needs a big coliseum, but a building to seat 50,000 will cost a lot of money and investors will probably think twice before they will invest.

M'VEY BEATS KUBIAK.

Paris, Feb. 28.—Sam McVey, the American heavyweight, knocked out Al Kubiak of Michigan in the tenth round of a scheduled twenty-round fight at Cirque de Paris Saturday night.

NORTHWESTERN ALUMNI TO INVESTIGATE ATHLETICS

Chicago, Feb. 28.—Athletics are due for a boost at the Northwestern University. Alumni of the school are starting an investigation for the purpose of ascertaining the reason why the purple streamers of the Evanston athletes have trailed in the dust so persistently of late. Sports about the Methodist institution will be given a thorough overhauling, and nothing will satisfy the loyal "grads" of that institution but an entire reversal of form and the elevation of athletics to a par with any school in the West.

The inferiority of Northwestern in athletic channels dawned upon the alumni of the school in the weekly dinner of that body which was held in Chicago recently, and after a thorough discussion of the status of affairs a committee of three was appointed to take action in the matter of revising the present system. The investigating body comprises Harry Weese, Charles E. Stahl and Harry Smoot.

The committee has already prepared a petition to the faculty asking for a conference between a delegation from the alumni and the athletic committee of the faculty of the university, if such a body exists. The alumni are not at all sure that there is such a body, and therein lies another of their grievances as they, of all the schools in the west, are alone in not having a representative on the athletic board of the institution. They will ask for a place upon this committee, and if they can gain the co-operation of the faculty they promise an athletic upheaval at the university as will make for championship teams.

THREE-I LEAGUE MEETING.

Magnates Assemble in Special Session in Chicago Today.

Chicago, Feb. 28.—For the purpose of adopting a schedule for the coming season and acting on several proposed changes in the constitution of their organization, the magnates of the Three-I baseball league assembled in special session in Chicago today. The changes in the constitution are of minor importance and will probably be adopted without debate, but considerable difference of opinion promises to develop in regard to the playing schedule. The grouping of the games is the chief point at issue. Some of the club owners favor three trips from the north to the south end of the circuit and vice versa, while others believe it would be more advisable to adopt a schedule calling for four trips.

NO SPIT BALL ARTISTS.

Cleveland Club Dispenses With Use of Famous Delivery.

Cleveland will probably be the only American league club that will not have a "spit" ball artist among its pitching staff and McGuire's corps of flingers is not a small one at that.

A few years ago when the club trained at Macon, there were more spitballs than anything else among the Cleveland pitchers. Lattimore was a southpaw who was married to vapor stunts, while Chech swore by his "dry spitter." Berger thought the wet goods the best he had to deliver. Rhoades and Hess also dilled with it more than a little, while Liebhart would no more have thought of pitching without using the "spitter" than he would have of jumping the club to sign with the Twilight leaguers.

Joss and Falkenberg are two pitchers who simply will not use the ball made famous by Jack Chesbro and Ed Walsh, so if any of the Cleveland twirlers try it this year it will have to be some of the recruits. Manager McGuire says he was careful, when scouting to pass up pitchers who had to wet the ball in order to puzzle the batters.

DULUTH WRESTLING MATCH.

Next Opponent for Person Will Be Minneapolis Grappler.

Duluth, Feb. 28.—Word received from Minneapolis recently in answer to negotiations that have been carried on by the officials of the Duluth Athletic club for a finish wrestling match between Chris Person and Henry Ordemann, generally conceded one of the greatest wrestlers in the country, stated that Ordemann was ready to meet Person in Duluth some time next month.

A definite date for the match will be decided upon the present week. March 11 will probably be the date. Ordemann is a Norwegian and one of the coming heavyweights of America.

JOHNSON ADVOCATES NEW RULE TO GOVERN WAIVERS

Chicago, Feb. 28.—Steps will be taken at the next meeting of the national commission to add a new rule to the present code governing baseball, whereby any club of major caliber will be required to secure waivers from every club of the National and American leagues before disposing of players who have served one or more seasons with the upper crust.

President B. B. Johnson of the American league recently approved the idea as broached by Owner Comiskey following the latter's failure to secure Del Howard, formerly of the Cubs. Howard, with Joe Stanley, has been turned over to Louisville, but according to H. C. Suttle, father-in-law of the noted utility artist, Del never will don the garb of a Colonel.

Suttle has offered to buy the St. Paul franchise in the American association for a consideration of \$50,000 in order to make Del a magnate in the A. A. Later Suttle expressed a willingness to pay \$5,000 for Del's release from Louisville that he might become an outfielder for the White Sox. Suttle and Manager Chance had a lively discussion over the disposition of Howard, the affair ending when Suttle bet Chance \$100 at even money that Pittsburgh could not get another pennant this season.

If the rule proposed by President Comiskey goes through many players who have arrived at the stage where their services are no longer wanted by one club may find refuge with another team in major league company instead of going the route to the minors. Had such a rule been in operation when President Murphy asked for waivers on Howard fifteen instead of seven clubs would have been permitted to speak for the "clean-up" star.

BROWN GETS BIG MONEY.

Mordecai Brown, pitcher of the Chicago Cubs, has signed a contract for two years, calling for a substantial increase in salary. The great three-fingered twirler held a conference with President C. W. Murphy Friday and signed. It is understood that his salary is \$7,500 a year. Orvie Overall is on his way east from Visalia, Cal. According to the latest reports he will remain in Chicago two or three days and then join the Cubs at New Orleans. Orvie is way over weight and will have to do some hard work to get down to playing condition.

Karl Lehto will get his chance to show his real form at the Palestra tomorrow evening against Zbyszko.

"NIFTY" PASS BOOKS.

Chicago, Feb. 28.—Alligator skin with a bit of real 14-carat gold will contribute to the making of the annual 1910 passes to be extended President Taft and Vice President Sherman, by B. B. Johnson, president of the American Baseball league. The favors arrived at league headquarters recently and will be forwarded to Washington in the near future.

In an effort to get away from the ordinary color scheme, Pres. Johnson hunted long and tirelessly for the newest effect in pass book bindings. The alligator skin scored the most points and two beautiful designs were arranged.

LEWIS BOYS TO MEET.

Willie Lewis, the welter weight, and Harry Lewis, the clever Quaker City boxer, who fought a 25-round draw at the Cirque de Paris, the big fighting club of Paris, will be re-matched in a few days to engage in another 25-round bout before the same club about the middle of March. The winner will then meet Billy Papke, the "Illinois Thunderbolt," two weeks later. In their last bout a great many persons were of the opinion that Harry should have received the verdict, and biased the referee after he declared the contest a draw.

ISHPEMING HILL HAS RECORD.

Jump of 140 Feet Not Equalled in Any Regular Ski Meet.

The standing jump of 140 feet, made by August Nordby of Superior on the Ishpeming hill Washington's birthday, was the best jump that has ever been made in this country in a regular ski tournament. The jumps on the whole were the best that have been made in the United States this winter. There were fewer falls and more long leaps than have ever been recorded at a tournament in this city. At a practice tournament, held a few weeks ago in Duluth, one of the riders was credited with a standing jump of 144 feet, but in the tournament two weeks later this record was not approached by ten feet or more, and practically all of the best riders in the Northwest participated. The prediction that the American record would be broken at the national tournament at Coleraine last week was not verified, as the longest standing jump was made by Barney Riley, who cleared 126 feet, one foot more than was made by one of the professionals.

The record by both the amateur and juveniles participating in the contest here Tuesday will doubtless stand for some time. The leap of 131 feet without falling made by Charles Tall, the

fifteen-year-old Negaunee boy, was by far the greatest jump that has ever been made by a lad of his years. It is not anticipated that Tall's record will be equalled anywhere in the Northwest this season.

At Eau Claire on Washington's birthday the annual tournament was marred by very cold weather and a wind blowing directly in the face of the riders. The slide was very speedy, however, and the jumps averaged between 115 and 125 feet. The crowd began leaving after the trial runs, the weather being much too cold for comfort. Ole Flering of Duluth jumped 138 feet and Hemmestved of Eau Claire cleared 129 feet, but both fell. In the trial for the longest standing jump at the conclusion of the regular contest, John Evenson of Duluth cleared 130 feet. Evenson captured first prize; Ole Mangseth, Coleraine, second; Harris Anderson, Red Wing, third; Fred Iverson, Red Wing, fourth; Francis Kemp, Red Wing, fifth; George Thompson, Red Wing, sixth; Chris Bjornson, Colfax, seventh, and Ole Flering, eighth. Ralph Volk of Eau Claire won first prize in the amateur class.

WOLGAST WILL WED.

San Francisco, Feb. 28.—It is reported here that Ad Wolgast, the new lightweight champion, would be married within the near future to Miss Eugenia Howey, a young woman whom he met at one of the southern beach resorts. Immediately after the defeat of Nelson the champion joined the young woman at the hotel where she was awaiting him.

Governor Warner has stopped the plans for a boxing contest between Stanley Ketchel and Tony Caponi at Kalamazoo this month.
